

CAMAS SCHOOL DISTRICT • TRANSPORTATION
1125 NE 22nd AVENUE • CAMAS, WA 98607-1145

Camas Transportation Ridership Week: October 12-16, 2009

School districts in the State of Washington receive funding based on the number of students who utilize busing services. Each fall, districts conduct a ridership count for one week. This count is used to report average student ridership to Office of Superintendent of Public Instruction. If the Camas School District regularly transports your student, please have them ride the bus to school during the week of October 12-16, 2009.

If you have questions, contact the Transportation Department at 833-5585.
