Student Incentives

The Camas Board of Directors recognizes that providing students with prizes or awards can serve as a meaningful incentive for increasing academic achievement, promoting civility, encouraging physical fitness and for encouraging students to become responsible citizens, productive workers and lifelong learners.

The board supports awarding incentives to recognize a student’s academic, social, leadership and athletic achievements. All incentives will support individual student achievement and the district’s curriculum, programs, academic or attendance goals.

District funds may be used to provide student incentives to promote the board’s objective of increasing academic achievement.

The superintendent or designee will develop procedures to implement this policy.
