So What's For Lunch?

All meals provided follow the Healthy Hunger Free Kids Act and encourage healthy eating with many options. A highlight in our meal program is the garden bar. Students may help themselves to fruits and vegetables from a variety garden bar for breakfast and lunch every day.

Students will select a breakfast or lunch entrée option that includes at least ½ cup of fruit or vegetables. Milk is optional and water is always available. Students can access their mealtime accounts by finger scan or paying cash. Free and reduced students go through the line exactly the same way with high levels of confidentiality.

MealTime Online – www.mymealtime.com

MealTime Online, enables you to make prepaid deposits and payments on balances for your student's school lunch account, conveniently, safely and securely. You can also view your student's account activity, including onsite payments, current balances and a detailed history of meal and food item purchases. Online payments may take up to 24 hours to process and will be reflected in the student's cafeteria account automatically.

Just a reminder that Mealtime is not linked to Skyward.

You will not be able to see mealtime deposits in the Skyward system.
